5. How many uses of each scale or structured interview have been used in this study to date ?

6. If Licensee is using a customized scale or structured interview, please provide us with the details of the customization (i. e. the additional modules added to the standard scale or standard structured interview to make your customized version)

7. If Licensee is requesting more than 1 training course, will all trainees complete all training courses, at all timepoints of training that Licensee request?
(If the answer to this is "yes" we will bundle the training together so that trainees only need to enroll 1 time for all of the training courses for a timepoint of training access. If you later decide you need some trainees to only access some of these training courses, additional fees will apply to adjust the training set-up.)

8. Does Licensee require subtitles for training videos? What language(s)? Please note additional costs may be associated with subtitle requests.

9. Does Licensee require translations for your quiz/guide? What language(s)? Please note additional costs may be associated with translation requests.
